

Pumpkin Variety Trial Field Tour

Join us for a pumpkin field tour before the apple and pumpkin season hits full swing!

MFVGA and UMN Extension invite you to attend a farm tour at Rod's Berry Farm highlighting pumpkin variety selection, insect and weed management, fertility and cover cropping.

Tour the 2019 pumpkin variety trial led by Rod Elmstrand and Annie Klodd. Compare 32 varieties on low-till and no-till soil, and discuss pumpkin pest management and soil fertility strategies with fellow pumpkin growers.

Dinner will be included!

Speakers: Rod Elmstrand, Rod's Berry Farm; Annie Klodd & Natalie Hoidal, UMN Extension Educators – Fruit and Vegetable Crops

Date: Monday, September 9, 2019

Time: 4:30pm – 6:30pm

Location: Rod's Berry Farm, 28624 Zodiac St NE, North Branch, MN 55056

Cost: Free for MFVGA members, \$15 non-members, can be paid at the event by check.
